# LINUX INSTALL FEST

## AN ALTERNATIVE TO WINDOWS

### DESKTOPS, SERVERS, AND EMBEDDED SYSTEMS

If you're looking for more control over your system (or a break from bugs, forced updates, and built-in assistants) Linux is a powerful alternative.

Join us for a community-driven install event where we'll help you set up and configure Linux on your device.

## HIGHLIGHTS

- Multiple distributions available
- Support for a wide range of hardware
- Steam gaming on Linux is supported
- Guidance from experienced users
- Intro to system setup and tools

**Bring:**
Your device, power supply, and any important data backed up.
**Note:**
Installation may overwrite existing systems.
